ABSTRACT

My project is about a website I created called "MAdu fashions". It includes clothing wear for men women kids of all ages and also includes links, animations and transitions in the different web pages linked to the main home page. Other pages apart from home include the kids fashion page men's wear page, women's wear page

ABOUT THE WEBSITE

The website has the home page as the main page. it's broken down in different sections like as follows;

A table of the site layout respectively.

head	body	header	Main body	footer
Links like the styles.css, font links, title	All information like images, videos, Information about the site	Links eg the styles.css, about us.html, contact.html	Has different dives, classes, ids	Has the conclusions to the page like the about us, contact, copyright tag

INCONCLUSION: this website is to help individuals find the right clothes for them, order what they prefer
